18) submitted for perusal. The facts of
the case are noted upon in pages 18 and 19 of
the notes of the collection No. T.T.B 13-52-48
putup. They are summarised as follows:-

Two bits of land marked A X E 7 and X B D C
were acquired by the Trust Board for the improvement
of Conservancy lane in Mohalla street,
K. R. Mohalla - vide the sketch enclosed (flagged B
(page 11 of
the correspondence portion). There is an
underground sewer line in the bit A X E 7 which is
linked to the two main sewers running in the lane
to the north of the block of houses and also that running
in Thogari street towards the south of the block.
The area so acquired was sold to Srimathi Sawamma
This has inconvenienced the petitioner Sri. Dattiah.
Sri. Dattiah has no access to the Conservancy
lane, as a portion of the land sold to Srimathi
Sawamma is just behind his house. At one
time, the Trust Board was suggested that
the parties may be moved for a compromise
But Srimathi Sawamma did not come to any sort of compromise
Hence, ~~the~~ gave directions in their letter
No. W 16347/2. T.B. 13-52-48 dt 24-12-52
flagged A (page 19 of the collection putup) that
the Trust Board may take action to acquire
the land given to Srimathi Sawamma
to run a sewer line.

Vide flg N (page 10 of the collection putup)

Vide flg D (page 24 of the corr. portion)

19) The Trust Board has now decided to acquire
the land for running a sewer line.
Smt. Sawamma protests against the

proposed acquisition on the ground that it is not for a public purpose but intended to benefit a private person — Srimathi Sawnamma's petition presented through her counsel is flagged M (page 14)

20) The portion proposed to be acquired which is now in possession of Srimathi Sawnamma is shown in the sketch flagged B (page 29 of the correspondence portion) Hon. Trust Board's proposal to acquire the land may perhaps be approved with the following directions:- (page 24 of the correspondence portion)

1) such portion as is required for removing a sewer line should not be disposed of otherwise & should always be kept open.
2) the remaining portion not actually required may be disposed of if necessary, by the T.B with such conditions as the Board may decide, without prejudice to the interest of adjoining houses, who should have clear access to the conservancy lane, in the area.

21) The proposal in para 20 above is for orders.
— Reference para 1 & 8.

Mo 24/6 Sdn 29/6

22) There is some force in what Sawnamma represents. Page 29 (Flag E) is the Sketch prepared by the T.B. The portion marked in blue pencil (AZB C D E.O. X. F) is proposed to be acquired for removing a sewer line. I think that this portion the intention of giving a sewer line is laudable, it has not been

proposed to be executed in a just manner.
It cannot be understood why Space marked
O E D C should be acquired. It is clearly
with the object of giving it ultimately to Sri
Doddaiah. The resolution of the Hlgsor H'ld
dated 8-4-52 (Page 28) makes it clear
that that the object of acquiring the
land is to improve the rear portion
of the house of Sri Doddaiah. Hence the purpose
cannot be a public purpose. If the
intention is to provide a sewer line, then
the acquisition of portion marked X O C
B Z Y X is sufficient because it will be
in continuation of the lane P & B Z.
But if the width of the lane is 6'3"
if this width is considered sufficient, a
width of 8ft throughout may be ordered
to be acquired. and the remaining site
left to her. This is a fit case for
a H'ld to take up the acquisition proceedings
but it has a duty on the responsibility
on the Bg and Govt have instructed the
Bg to acquire it (vide orders passed
previously) therefore it may be too late to
Safguard this H'ld should have taken
it The part may be heard

What is now proposed is to reacquire it I would like to know when the land was first acquired, by whom and what was the compensation paid and who paid it — is it the Md Council or the Trust Board? Who granted the land to Sannamma And when and what was the Money recovered? The authority which received the money should pay for the acquisition now.

39) I inspected the spot on 21st November 1954, with the Deputy Commissioner, Mysore District and the Chairman, Mysore City Improvement Trust Board. I heard the parties and their Counsel on 4th January 1955. The Chairman was also present at the time of hearing.

40) It is seen from the records that the piece of vacant land behind the house of Sri.Doddiah bearing Door No.202/2 and the strip of vacant land to the west of it was acquired by the Mysore City Improvement Trust Board in 1940 for improving the conservancy lane. There is an underground sewer line running along the latter piece of vacant land and this sewer line is linked to the two main underground lines running in the lane to the north of the adjacent block of houses and also that running in Thogari Street towards the south of the block. In 1946, the Trust Board sold the portion of the vacant land to the east of Smt.Sannamma's house to her for Rs.207-4-0. This sale without reference to the existence of underground sewer line has greatly inconvenienced the owners of the houses in the neighbourhood. Sri.Doddiah who is particularly hit hard has been repeatedly representing that he has no egress from the conservancy and that Smt.Sannamma has not allowed him to run from his house a sewer line to connect the sub line running in the vacant land sold to her. With a view to improve the locality and particularly to provide essential amenities to Sri.Doddiah, the Trust Board and the Municipal Council have recommended sanction to the acquisition of about 106 square yards of vacant land behind Smt.Sannamma's and Smt. Cheluvamma's house bearing Door No.202/2. ~~houses~~. I am convinced of the need for the acquisition. Sanction is accordingly accorded to the proposal of the Trust Board contained in the Chairman's letter dated 18th March 1954.

Call for a report.

Sir,

I have enclosed herewith a petition from one Sri.Doddiah in connection with the injustice done by the Municipality at Lysore. A plan is also enclosed herewith. I had come to your place of camp at Lysore today by 8 A.M.in the morning but I learnt that you had left for Bangalore early in the morning, and therefore, I could not explain in person, and hence this letter.

The City Municipality at Mysore granted the open yard in betwe n the conservency lane and Sri.Doddiah's house to two persons. The portion adjacent to Doduian's house was granted to him and the other half adjacent to the conservency lane was granted to Mrs.Sanhamma a neighbour of Doddiah. By this Sri. Doduiah has been prevented by having an access to the conservency lane. Mrs.Sanhamma has put up a construction barring any approach to the conservency lane by Sri.Doddiah. Sri.Doduiah has only an access from the main road.

Many petitions have been filed and yet the Municipality have not redressed his grievance.

The land under dispute is shown on the plan in colour and it can be seen that grievance of Sri.Doduiah is a real one and needs to be redressed. I.therefore request you kinuly use your good offices to get justice done.

Thanking you,

Dated.19-10-53.

Yours faithfully,

S. Srinivasa Iyengar

Sir,

Subject: Petition of Sri S. Doddiah Thotadahatti street, K.R. Mohalla.

Reference: Your letter No L 10225/E2 AJ/4-11-53. and subsequent reminder No.L. 14290- dated 7-2-54.

In continuation of this office letter No C2.P.R. 188-137/53-54 dated 7-2-1954 on the above subject, I enclose herewith a sketch of the area in question. The facts of the case are as follows:-

The vacant bit of land marked XBDC behind the house of Sri S. Doddiah, the Petitioner, bearing D.No. 202/2 and the bit AXEF to the west of it marked AXEF was acquired by the Trust Board sometime ago for the improvement of a conservancy lane. It will be seen from the sketch that there was an underground sewer line running in this bit AXEF which is linked to the two main underground lines running in the lane to the north of the above block of houses and also that running in Thogari street towards the south of the block. But the area so acquired was sold out later to Sannamma by the Trust Board. This sale defeated the very purpose with which the vacant bit of space was acquired and it has naturally inconvenienced the petitioner(whose property is marked DCPQ in the sketch). The resolutions tabled by Sri Chowdiah Municipal Councillor to this effect was therefore passed by the Council at their meeting held on 8-4-52. A copy of the

(9)

the same is enclosed. This was forwarded to the Chairman Trust Board for necessary action. But on reply he enquired if the Municipal Council was agreeable to meet the cost of acquisition. The Chairman City Improvement Trust Board was again requested to re-examine the question as to how the Municipal Council could be made liable for bearing the charges of acquisition of a property, acquired for public purpose and sold out without consideration of the inconvenience that might be caused to the owners of the property in the area. But the Chairman again enquired if the Council could bear the cost of acquisition. He also enclosed a copy of your letter No.L. 16346/ITB 13-52-48 dated 24-12-52 directing that the Trust Board might take action to acquire the land given to Sm.Sannamma and run the sewer line. Sri Doddiah who has now presented a petition to Government has given a petition to this office also explaining the difficulty and praying for redress. It will be seen from para 3 of the petition that he moved Sm.Sannamma for a compromise as directed by the Chairman, City Improvement Trust Board and failed.

In these circumstances, I request that orders of Government may kindly be obtained directing the acquisition of the area.

Yours faithfully,

Petitioner:

Doddayya, son of Javarappa,
Door No.
Thotadahatti street, K.R.Mohalla, Mysore.

Respected Sir,

I consider it my fortune should your Honour go through this petition and respond to this, as I have failed to get justice in my case so far.

1) There was a conservancy lane behind my house and the same was given away to Sannamma, which apparently barricaded my access of entrance, and other privileges I was having by the existence of the said lane. This closure of passage acted adversely and as if I was being kept in a cage. It is impossible to dwell in a house without conveniences of bath-room - lavatary and passage.

2) I gave application to the Chairman, City Improvement Trust Board, Mysore who came and inspected the spot and quite agreed that it is impossible to dwell in the house at its present condition., and that the passage or lane would be restored. Then I maie enquiries with the Chairman, who told me that he has recommended my case to Government for the restoration of the passage and would inform in due course.

3) But an order has been issued that myself and Sannamma should settle this difference between ourselves, and this order was served on both of us., on 6-9-58, letter No.RE.C.203/49/50 of 4-9-58. Then I went to Sannamma and requested her to come to some compromise, to which she refused., inspite of my representing her all my difficulties., probably she thought that I am cringing her, while I sincerely gave weightage to the Office order and approached her.

4) So, it is now high time that your Honour should interfere

(12)

interfere and help me in my just cause.

5)It is submitted for your Honour's ear-marked attention that the Municipal President, Municipal Engineer, and Municipal Members, visited the spot and unanimously opined that it is sheer act of injustice to block the passange and give away this to Sannamma, and accordingly they brought the subject matter in the Agenda of Municipal Meeting, and passed a resolution also to restore the lane as before and give free access and use by the petitioner. Inspite of this, the lane still being blockaded by Sannamma, who is claiming it as her own.

6)Prayer: Hence, respected Sir, you will please help me by interfering in the matter, perusing the records and also by making a spot inspection, and restore the LANE as it was and for my free use. Ever feel gratified and pray for early help and endorsement to this.

Yours respectfully,

Dated.15-10-53.

BEFORE THE HONOURABLE THE MINISTER FOR LOCAL-SELF GOVERNMENT IN MYSORE, BANGALORE.

Appeal Petition No. of 1954.

Appellant (Petitioner)		Respondent:
Sannamma, alias Naresamma, No.202/2, Totadehatti Street, Krishnaraja Mohalla, Mysore.	VS..	City Improvement Trust Board, Mysore.

The appellant above named begs to prefer this appeal against the decision of the respondent communicated to the appellant in their Endorsement No.B2.C. 202/49-50 dated 6th November 1953 and further reiterated by them as per their Endorsement dated 15th December 1953 and pray that the records of the said acquisition may be sent for and reversed on the following among other grounds.

FACTS OF THE CASE.

The Respondent at the instance of the City Municipal Council, Mysore resolved upon the acquisition of aportion of land belonging to the appellant in Cheluvamba Agrahar, as per sketch enclosed herein with a view to assist a neighbour by name Sri.Doddiah so that Sri.Doddaiah's stay in the locality may be made more comforteble. This acquisition was throughout objected to by the appellant on the ground that the appellant's property would be practically uninhabitable on account of a good portion of the same being scraped of under this acquisition and that the purpose of the acquisition being also not being recognised as a public purpose. But unfortunately on account of the dominating influence of

(15)

of Sri.Chowdiah, a councillor of the Municipal Council, Mysore, both the Municipal Council and the City Improvement Trust Board were compelled to take a decision probably very much against to their will. Both the Chairman, City Improvement Trust Board and the other Officials have, the appellant believes, not appreciated the move as being for a public purpose. All the protests of this appellant both by herself and through her Lawyer have been in vain. What is now sought to be acquired was considered to be not necessary both by Dr. T.C.M. Royan, the distinguished Minister for Local-Self Government and Sri.H.C.Dasappa, the Learned Minister for the Trust Boards during their terms of office. On being thus discouraged, the acquisition of the site was allowed to be dropped at the instance of the Government. Again through the very same old influence, the matter is being agitated with vigour and the City Improvement Trust Board has finally decided upon proceeding with the acquisition as per their Endorsement referred to above, copies of which are produced herewith for the kind information of the Government.

GROUNDS OF APPEAL.

1. The purpose of the acquisition is not a recognised one as contemplated under the Land Acquisition Act and prima facia the acquisition is not for a public purpose.

2. That the acquisition is intended solely and inevitably to the benefit of Sri.Doddiah, the immediate owner who alone has been agitating for this piece of land in order to improve his property and at whose instance alone all these

(16)

proceedings have been initiated. The proceedings of the Municipal Council and the City Improvement Trust Board and the correspondence in this matter very clearly bear out the contentions of the appellant.

3. That the appellant's property would be most seriously inconvenienced in the minimum comforts that the property would otherwise comfort on its owner, as a result of this acquisition and that even under the elementary health laws, the appellant will not be in a position to conform herself to the sanitary conditions, if this extremely bit of land is allowed to be scraped of from her property.

4. The acquisition in question has unnecessarily caused bitternessbetween the parties and created discomfort in the otherwise happy atmosphere between the parties.

5. That the property sought to be acquired is surrounded on all sides by private properties and no semblance of a public cause is served by such acquisition.

WHEREFORE, the appellant respectfully prays that the move of the City Improvement Trust Board to acquire the property described above and as shown in the sketch appended to this appeal may be thwarted and the acquisition directed to be dropped.

Appeal Petition No. of 1954.

Appellant:- VS. Respondent:-

Sannamma — City Improvement Trust Board, Mysore.

Stay Application.

The Appellant abovenamed begs to submit as follows:-

1. That the respondent by a decision of its Board, taken a decision to acquire a bit of land belonging to the appellant on the alleged ground of public purpose. The acquisition proceedings are intended to be started immediately.

2. The appellanthas submitted in her Appeal already that the Board has come to an erroneous decision in regard to the need for acquisition of the plot in question and that it can never be construed as a public purpose. As can be seen from a perusal of the history of this case for years, this acquisition proceedings is more intended to benefit a neighbour who happens to be a close friend of Sri.Chowdiah a Councillor of the Municipal Council, Mysore. On the previous occasions also similar influences were on the Board concerned and acquisition proceedings were initiated. But the then Government, during the time in particular of Dr. Royan was incharge of the Local Bodies and later on Sri.H.C.Dasappa was incharge of the Trust Boards, the decision of the Board to acquire the plot now in question was vetoed on the simple ground that the "purpose cannot be construed as public purpose

p.t.o.

(2-3)

purpose at all". Again the same subject matter is now being agitated upon and the Respondent is made to take a decision to proceed with the acquisition of the plot of land belonging to this appellant. I have urged already that the acquisition is not for a public purpose and that it is intended to benefit a private person only and it would cause considerable loss to the appellant and further that the proceedingsx are more vindictive and spiteful rather than with the vindication of any just cause and therefore the same should be dropped consistently with the decision already taken in the matter.

3. The Respondent on account of various influences are about to take coursive steps to put into execution their erroneous, unjust and untenable decision, unless, they are effectively prevented from doing so.

4. Wherefore, the appellant respectfully prays that the Government may be pleased to issue an Order of stay against the Respondent restraining them from proceeding with the acquisition proceedings pending disposal of the above appeal.

SIR,

Subject: Acquisition of bit of land behind Door No.200/2, Srimathi Sannamma's house, K.R.Mohalla, Mysore.

.....

With reference to your letter No.L.165/I.T.B.2-54-2 dated 14-4-1954 forwarding for a detailed report a copy of the petition of Srimathi Sannamma on the subject mentioned above, I write to state that the question of acquisition of this bit of land has been examined in detail on previous occasions and that after full consideration of the merits, Government in their letter No.L.16347/I.T.B.13-52-48 dated 24-12-1952 ordered "that as Sm.Sannamma has not allowed Sri Doddiah to run the sewer line, the Trust Board may take action to acquire the land given to Sm.Sannamma and run the sewer line".

In pursuance thereof, further action has been taken by this office regarding acquisition. As regards the appeal of Sm.Sannamma it can be observed that the appellant did not choose to come to any sort of compromise as directed by Government in letter No.L.16347/I.T.B.13-52-48 dated 24-12-1952, so much so her failure to give consent to run the sewer line in the land referred to above has necessitated the acquisition of the land for running the sewer line to provide amenities to the house of Sri Doddiah, there being no other alternative open for providing amenities to his house. Instead of availing of the opportunities afforded to her, to come to an amicable settlement, she has resorted to the present method of redressing her grievance by approaching Government once again. She has also issued notice to the Board through her counsel. The circumstances of the

P.T.O.

case rightly demand the acquisition of the land in the interest of public service.

A perusal of the copy of the letter from the Municipal Commissioner, received with the reference under reply unfolds that the City Municipality is also agreeable to the acquisition of the land.

In the circumstances stated above, I request early orders in the matter

SIR,

Subject: Acquisition of land in K.R.Mohalla (behind Door No. 200/2, Sannamma's house).

With reference to your letter No.L.4872 dated 29-7-54 on the above subject, I note below answers to the querries therein:-

1. When the land was first acquired and by whom? What was the compensation paid and who paid it? Is it the Municipal Council or the Trust Board?	The property was acquired by the Trust Board for locating latrines, persuant to Government Notification No.L.8431/ M1.21-39-15 dated 2-2-1940 and a sum of Rs.68/- was first awarded. But as the awardee went on appeal to Court, it was enhanced to Rs.172-8-0 in the Court of the Additional Subordinate Judge, including statutory allowance. The Trust Board has paid the amount.
2. Who granted the land to Sm. Sannamma and when and what was the money recovered?	It is the Board that granted the land to Sm.Sannamma during 1946. A sum of Rs.207-4-0 was recovered from her.
3. Whether it would not be sufficient to acquire land 6'-3" only just in the rear portion of Sri Doddiah's house to provide a sewer line?	The Board has inspected the spot many a time and has, after full consideration of the facts, come to the conclusion that the land proposed for -acquisition, is necessary for the required purpose. The Board feels that the extent of land now suggested for acquisition by Government may not -be sufficient for the intended purpose.

I request the favour of early orders in the matter.

Yours faithfully,
